- 2) Layout/location of wardrobes, kitchen cabinets, fan coil units, electrical points, telephone points and door swing positions are subjected to Architect's sole discretion and final design.
- 3) Connection, subscription and other fees for television, SCV, Internet and other service providers whether chosen by the Purchaser or appointed by the Vendor or the management corporation when constituted will be paid by the Purchaser.
- 4) Equipment for SCV and other cable services will be paid and installed by Purchaser.
- 5) Timber is a natural material containing grain and tonal differences. Thus it is not possible to achieve total consistency of colour and grain in its selection and installation.
- 6) Marble and granite are natural stone materials containing veins with tonality differences. There will be colour and marking caused by the complex, mineral composition and incorporated impurities. While such material can be pre-selected before installation, this non-conformity cannot be totally avoided. Granite are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble cannot be re-polished after installation. Hence some difference may be felt at the joints.
- 7) Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor shall assign to the Purchaser such warranties at the time when possession of the Unit is delivered to the Purchaser.
- 8) While every reasonable care has been taken in preparing this brochure and the plans attached, the developer and its agents cannot be held responsible for any inaccuracies therein. All statements, specifications and plans are believed to be correct but not to be regarded as statements or representations of fact. Visual representations, illustrations, photographs and renderings are intended to portray only impressions of the development and cannot be regarded as representation of facts. Photographs or images contained in this brochure do not necessary represent as built standard specifications. All information and specifications are current at the time of press and are subject to change as may be required and cannot form part of an offer or contract. All plans are subject to any amendments approved by the building authorities. Floor areas are approximate measurements and subject to final survey. The choice of brand and model of fittings, equipment, installation and appliances supplied shall be at the sole discretion of the Vendor.
- 9) The air-conditioning system has to be cleaned and maintained regularly to ensure that it is in good and proper working condition. The Purchaser is advised to engage his/her own contractor to service the air-conditioning system regularly.
- 10) For cyclical maintenance work to be carried out to the building façade, owners shall allow access to the maintenance team.

All plans are subject to amendments as approved by the relevant authorities. Floor areas are approximate measurements and subject to final survey.
