

The Type A Apartment— a lot of individuality built in.

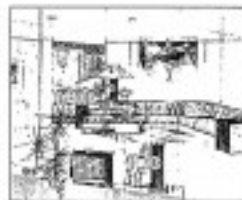

A型公寓——佈局獨特，與眾不同

One hundred and four units of Alleworth Park's Type A apartments have an area of 385 square meters each.

Partness in the architect's concept was to convey a sense of individuality with every unit. Hence, except for the dining and kitchen areas, all rooms never face another apartment. Privacy is maintained, safeguarded.

Alleworth Park共有104個單房公寓單位，每單位之面積約一百八十平方公尺。

建築師的構思旨在使每個單位均具其獨有的個性。故此，除餐室及廚房外，所有房間都不正視向其他公寓。這是為了確保每個單位均能享有自己的私隱自由天地。
